Dear Parents/Carers

Summer 2018 Exams

This year's main summer exams are now upon us and I am writing to you to ask you to please support your son/daughter during this time by checking the start times of exams and making sure that your son/daughter arrives in school before 8:20 and indeed early enough before each exam to take full advantage of the free cereal bars and water that we will be providing between 8:10am and 8:20am.

For afternoon exams the earliest that we are allowed to start the exam according to national guidelines is 1:00pm. With some exams lasting more than 1 hour 30minutes this inevitably means that, on occasions, this will result in your son/daughter finishing their exam after the Academy's normal finish time.

Students have been issued with a full individual timetable for the exam period with details of exam dates and also exam length. As well as checking start times can I also ask that you are checking finish times as this may result in students leaving the site later than normal.

Thank you for your support.

Michael Grant
Vice Principal
